Name Origin: Sure, Gordon Lightfoot hasn't penned an ode to it (yet), but this porter is song-worthy—much like its legendary namesake ship that frequently docked in Cleveland and tragically sunk in Lake Superior in 1975 with many Northeast Ohioans on board.

Style Origin: Originated in Great Britain and named after the porters who hauled goods from wagons to the stands at the open air markets common to England at that time.

Flavor: Bittersweet chocolate-coffee taste and bold hop presence

Ingredients:

MALT

Harrington 2-Row Base Malt: Allows color and flavor from other specialty malts to come through; makes for very clean beer

Crystal 77: Contributes to color and adds sweeter aroma and flavor

Chocolate: Provides deep, rich color and coffee-like flavor and aroma

Roasted Barley: Adds color and roasted flavor

HOPS

Northern Brewer: Traditional bittering hop for English-style ales; provides strong bitterness to complement strong/assertive flavors of this porter

Fuggle: Traditional English hop for flavor in English ales; contributes milder earthy and woody aromas and flavors; adds complexity

Cascade: U.S. hop with citrus characteristics for aroma to balance roasted malts and add American element to this English style

Pairs With: Barbecued ribs, steaks, oysters and chocolate

Shelf Life: 180 days
