BEHIND THE NAME:

Survey our label artwork and you'll discover a statue of Moses Cleaveland, our beloved city's founder and this delicious White Ale's namesake. Like Moses Cleaveland, our brewers were thirsty for new beer horizons, so they developed this fresh raspberry variant for beer drinkers looking to explore exciting new flavors.

ABOUT THE STYLE:

Belgian Wit Ales are brewed with ground coriander seed and orange peel. This slightly cloudy style is known for trapping complex aromas in its fluffy, dense head including citrus, herbs, spice, and pepper. Combine the Belgian Wit style with fresh fruit, and you've got Raspberry Holy Moses White Ale, with a distinct fresh, tart raspberry flavor.
