SMASH IPA

To showcase the juicy berry and tropical fruit aromas of the Mosaic hop, we paired it with 2-Row Malt in this meticulously engineered (yet refreshingly unfussy) IPA.

**ABV:** 4.3%  |  **IBU:** 50

**ABOUT THE STYLE:**
A SMASH beer is brewed with a single malt (SM) and a single hop (SH), usually to showcase the particular qualities of the malt or hop. Although most beer styles can be brewed as a SMASH beer, IPA is the most common example in our modern hop-obsessed times. SMASH beers provide the brewer with a simple yet creative means to achieve a high quality brew, and give the drinker an educational experience of brewing ingredients and process.

**AVAILABLE:**

**ABOUT THE LABEL:**
Our SMASH IPA label features a plump, juicy hop cone bursting with flavor and aroma in an industrial, lab-inspired scene—a nod to our brewery’s thirst for experimentation and education. Developed on our 2-barrel pilot system, SMASH IPA is a perfect example of how a mix of quality ingredients, R&D, and craftsmanship can bring out the best of any brew.
