Sterling

BEHIND THE NAME:

Thanks for flipping to the B-side of our package. Drop the needle on our label artwork to reveal a record sleeve with a collector's description—our tribute to the local record shops, labels, and artists who've kept the state of Ohio grooving throughout history.

ABOUT THE STYLE:

Originally developed by Josef Groll in the Czech Republic in 1842, the Czech-style Pilsner remains an immensely popular style today. Soft water and noble hops are elements that give the Czech-style pilsner its lighter-bodied, crisp, and pleasantly bitter characteristics. Pilsners are known for being refreshing, lower in alcohol, and accessible.
